ABOUT ME

Hello! I am a self taught JavaScript engineer based in Andhra Pradesh, India who enjoys learning building things for the internet. I develop exceptional websites and web apps that provide intuitive, beautiful user interfaces.

PROJECTS

Stayhut

A Hotel-sharing fully functioning full stack application

I used React-Typescript, GraphQL, Apollo, MongoDB, React UI library Ant Design and Stripe. Used Google OAuth login system, For fetching locations info I have used [HERE Api](#).

<https://stayhut.herokuapp.com/>

Eclatecs

Jntu kalikiri ECE fest website

I designed this in Adobe XD, built with Vue.js while parallelly learning about it.

<https://eclatecs.web.app/>

Personal Portfolio

My Portfolio

Built with Gatsby Typescript and styled system.
